COMMENT

Meeting Attended:

I was not able to attend a meeting

Important Issues:

Land Use (Agriculture, Residential, Recreation), Noise, Health and Safety, Visual / Aesthetic Resources, Proximity to Residences

Property Uses:

Residential

Comment:

My position is STRONGLY against building any high-voltage power lines through Majors Ranch in Huerfano County, West of Walsenburg. I bought property and built 2 homes on my acreage in Majors Ranch.

I-118-001

Personal residences should have priority over the land along Hi-69 where there are few or no homes and being along the state road is cheaper to build and maintain.

Any thought to build along CR524, CR521 or CR520 should be quickly scrapped, due to the large number of residences that live near or right on these county dirt roads.

Please, consider the people being affected by utilizing any of the Huerfano County Roads for these High-Voltage power lines, when using a state highway has less residential impact (maybe none).
